### NOTICE

Any person which shall make application for an Improvement Location Permit shall furnish the Building Commissioner with a site plan or development plan of the real estate upon which said application for an Improvement Location Permit is made. Said site plan shall be drawn to scale showing the following items:

1. Legal or site description of the real estate involved.
2. Location and size of all buildings and structures.
3. Width and length of all entrances and exists to and from said real estate.
4. All adjacent and adjoining roads or highways.

Any necessary driveway entrance culverts shall be corrugated steel pipe at least 12 in. in diameter and 20 ft. in length.

If any changes or deviations are made from the original application, a new permit is required.

Card issued with this permit shall be posted in a conspicuous location on the premises and shall remain in place during the entire period of construction.

I, as applicant for this permit assume the responsibility to be aware of and to comply with all applicable town, state and federal ordinances, codes and statutes, land covenants, easements and restrictions.
